

# Christmas & Winter Newsletter

2020/2021

As you know, Christmas and the holidays are a time of getting together with family and friends to reconnect and share the Love & special moments in our lives and celebrate the birth of Jesus Christ. They can also be a time of stress; with all of the Christmas shopping, crowded stores and grid-locked traffic, fighting for parking spots and the last toy on the shelf...Oh, wait, all of that stuff isn't that bad this year. This year there's a much different kind of stress that has unfortunately overcome us during these wonderful holidays...covid. Even though times are very different and more stressful than usual, now more than ever, we should all remember to Love thy neighbor and show respect and gratitude toward each other. It doesn't cost a thing and you may be surprised how it can wash away stress and cheer you up!

Just remember, the holidays are about Love, Peace, and Gratitude to others and ourselves and being around family and friends and all the ones you love. Just embracing these things will help eliminate stress and put a big smile on your face.

With the New Year also comes rebirth and renewing who we are. Most of us try to have and do resolutions for the new year to better ourselves. Whether it's physically getting back in shape and healthier for warmer weather or mentally calming and quieting our mind, learning something new and not overloading our thoughts or emotionally/spiritually reconnecting with our loved ones and God or Higher Creator. Whatever you wind up doing, just do it for yourself and most of all, have fun!

Please enjoy the Specials we are offering to help lift your Health & Spirits during these still trying times.

*We at BioHarmony are always here to help  
make you and your Holidays  
Merrier and Healthier!*

*Please let us know how we can help.*
